PROSPECTUS

ABOUT THE CONFERENCE

TUFH 2026 is a joint conference between The Network Towards Unity for Health (TUFH) and the University of the Philippines Manila. At the TUFH 2026 Annual Conference, TUFH will be celebrating its 47th anniversary. The University of the Philippines Manila was one of the founding universities 47 years ago.

The City of Manila, the capital of the Philippines and host city of TUFH 2026, offers a rich blend of history, culture, food, and urban energy that makes it an exciting destination for tourists. It is gritty and vibrant, with a mix of old-world charm and modern chaos. Manila offers that raw, layered urban experience for a traveler who loves exploring authentic, lived-in cities.

TUFH 2026 will be an international, intersectoral, and intergenerational in-person and virtual conference that brings together academic organizations and global health providers into a single event. We strongly recommend attending in person, but for those unable to travel, we will provide the opportunity for virtual participation.

VENUE

The University of the Philippines Manila (UP Manila) is the health sciences center of the UP System and the country's leading institution for medical and health-related education, research, and public service. Established in 1908 and located in the historic Ermita district of Manila, it is home to the UP College of Medicine, the Philippine General Hospital (PGH), the National Institutes of Health, and several other colleges focused on health sciences. UP Manila plays a vital role in producing top healthcare professionals, advancing medical research, and providing quality, accessible healthcare to the Filipino people.

The Henry Sy Sr. Medical Sciences Building at the University of the Philippines Manila College of Medicine (UPCM) was officially inaugurated in November 2022. It was built through the collaboration of the University of the Philippines Medical Alumni Foundation, Inc. (UPMAFI) and the Henry Sy Foundation, Inc. (HSFI).

TUFH PHILOSOPHY

TUFH is based on relationships between organizations, people, and those collaborating around common interests. These relationships are not static but rather grow and develop from new members and future generations. TUFH is not an insular organization, but an ever evolving and inclusive network that embraces other organizations that strive to create educational practices, community health approaches, and partner on research to develop the evidence for what works. TUFH aspires to serve as a catalyst to promote positive change in local systems and actors. TUFH's model addresses problems by looking for what is working and why. This accelerates the process of positive change by occupying people with doing rather than dwelling on why it can't be done.

For more information, please see the website: <https://thenetworktufh.org/>

The aim the conference is to bring together international participants from different health and educational sectors to network, learn and teach. During the scientific sessions (Workshops, Oral Presentations, TUFH Talks, Documentaries) participants learn about a vast array of topics. At the conference there are always keynote speakers that capture the important messages related to the conference themes. During the conference on the move participants will go out into communities and see projects and organizations do the work and learn about in firsthand. Multiple networking opportunities provide ample options to extend everyone's professional network.

SPONSORS

Participation in the **TUFH 2026 Conference** as a partner, sponsor, or exhibitor may be through **financial sponsorship** or the **provision of in-kind services**, such as covering the costs of catering, transportation, or other logistical support.

There are **three ways to support the TUFH 2026 Conference: Minor Sponsorship, Major Sponsorship, or Partnership** — each offering distinct benefits, as detailed in the tables below. The Organizing Committee also welcomes discussions on **customized sponsorship opportunities** tailored to your organization's interests and visibility goals.

Sponsors may choose to pay in **USD (International)** or **PHP (Philippines)**.

A significant portion of sponsorship proceeds will go toward a **fund supporting individuals to attend TUFH 2026**.

Filipino Sponsors:

For inquiries or to arrange a meeting regarding sponsorship opportunities, please contact **Dr. Paulyn Acacio-Claro**, University of the Philippines Manila, College of Public Health, at paclaro@up.edu.ph.

International Sponsors:

For inquiries or to arrange a meeting regarding sponsorship opportunities, please contact **Aricia De Kempeneer**, TUFH Vice President of Operations & Programming, at secretariat@thenetworktufh.org.
